Global Sponsor is the sponsorship arm of Mission International

Sponsor Scholastic Materials

By providing such simple necessities as pencils, rulers and jotters a child can take advantage of the lesson provided in the class more effectively. For as little as £5.00 a child can purchase what they need for a school term, either from within the school or from nearby stationary outlets. Your support can make the difference between a poor educational experience and one which is effective and useful.

Consider the effect on a nation whose children are well educated and responsible citizens. The effect will be long term and sustainable development and growth. That nation will no longer suffer from the poverty that comes through ignorance and lack of skills and knowledge. Please consider supporting the world's poorest children.

Global Sponsor is seeking your help in bringing support to needy children and families within the developing world. Our projects bring a wide range of sponsorship options, one of which provides scholastic materials for children who are already attending school but whose families cannot afford to provide them with what they need to make best use of their time in the classroom.

"I want to support a child by providing scholastic materials"
